

Ultimate Performance,
Superior Overclocking

UD858 TURBOJET RGB DDR5

Features

- High speed up to 8000 MT/s
- Heat sink design enhances memory dissipation
- Intel XMP 3.0 and AMD EXPO support
- Compatibility with intel and AMD platforms
- Carefully selected high-quality chips from original manufacturers
- Meeting JEDEC standards
- Built-in Power Management IC
- Support On-die ECC error correction functionality
- High-quality PCB provides improved signal transfer and system stability

Specifications

Capacity	16GB / 32GB(16GB x2) / 48GB(24GB x2)
Module	288-pin U-DIMM
Operating Voltage	1.35V ~ 1.5V
Operating Temperature	0°C ~ 85°C
Dimensions(L x W x H)	133.4 x 37 x 7.7mm
Weight	55g(1pcs) / 110g(2pcs)
Heat Sink Color	Black / White
Warranty	Lifetime
